Benjamin Ngo

Metro Vancouver, BC linkedin.com/in/ngobenjamin benjamin.ngo@zoho.com

Overview

Revenue Operations professional: 3+ years of experience, building solutions that scale. Experienced with process automations, integrations management, and executive dashboards. Proficient with pipeline hygiene, stakeholder workshops, and systems troubleshooting.

Skills & Technology

- **Samples:** Business Portfolio and GitHub Project
- **Operations:** HubSpot, Chargebee, Unbounce, Outreach, ZoomInfo, Chili Piper
- **Salesforce:** Apex, Flow, LWC, CLI (sf / sfdx), LeanData, SOQL, Developer Console
- **Languages:** Excel VBA, JavaScript, Google Apps Script, Python, Gemini AI
- **Collaboration:** Confluence, Bitbucket, Jira, SharePoint, Figma, Smartsheet

Experience – Sales Enablement

Salesforce Administrator

Intiveo, Vancouver, BC May 2022 – Jan 2025

- Strengthened pipeline generation for a $15M+ organization by creating automations for lead routing, task assignment, and meeting reminders
- Decreased annual costs by 22% for a Salesforce backup solution after negotiating a discount from the initial renewal quote
- Streamlined business development efforts by scripting, normalizing, and segmenting over 80,000 historical lead records
- Improved traceability of over 19 requests by developing a Slack integration that captures requirements into actionable tickets

Process Analyst / Salesforce Developer

Groundswell Cloud Solutions, Vancouver, BC Jan 2019 – July 2021

- Increased visibility of business health by developing a JavaScript utility that processes time cards into categories such as billable hours
- Enabled prospect capture for a $1.3 billion organization by resolving complex bugs related to Google integrations and CSV imports
- Furthered the effectiveness of PSA software by closing old bugs and writing technical documentation for deployment processes
- Modernized the user experience for over 350,000 Consultants by creating an extensible tab framework to replace duplicated solutions

Benjamin Ngo

Metro Vancouver, BC linkedin.com/in/ngobenjamin benjamin.ngo@zoho.com

Experience – Business Operations

Process Analyst – IT Services

Simon Fraser University, Burnaby, BC Sept 2016 – Aug 2017

- Enhanced visibility into 54 services by documenting a Service Catalog with system dependencies, access rules, and escalation paths
- Simplified Major Incident processes by defining 3 incident phases, outlining responsibilities for 5 roles, and diagramming workflows
- Deployed a desktop ordering system by coordinating 13 team members, tracking project progress, and writing knowledgebase articles
- Furthered preparations for eTRACS migration by analyzing 2 current state systems and capturing future state objectives into 5 themes

Implementation Assistant

Fraser Health Authority, Langley, BC Jan 2016 – Apr 2016

- Improved morgue throughput by 25% after interviewing 11 stakeholders and identifying a redundant one-week process
- Strengthened visibility into hospital flow by programming a spreadsheet script that processes and charts 4 months of bed occupancy data
- Identified 5 recommendations to improve sleep room utilization after conducting 8 site visits and analyzing suggestions from stakeholders

Event Planner / HR Assistant

Sources Community Resource Centres, White Rock, BC Sept 2014 – Apr 2015

- Boosted net fundraiser proceeds over 112% by leading a team of 16 volunteers in securing logistics and sponsors over 4 months
- Supported records standardization by creating 199 employment summaries for employees from 3 different mergers
- Enabled project succession by creating a comprehensive training package with document templates and event checklists

Education

Bachelor of Business Administration

Simon Fraser University, Burnaby, BC Graduated: June 2018

- Major: Operation Management
- Minor: Computing Science

Metro Vancouver, BC linkedin.com/in/ngobenjamin benjamin.ngo@zoho.com

Slides

My slides are simple and visual. White space, charts, and content pacing are considered.

Colour choices reflect the branding of the recipient organization, to boost engagement.

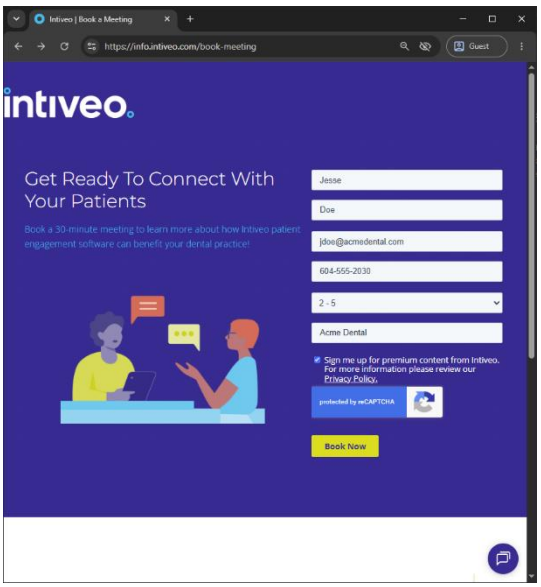

Benjamin Ngo

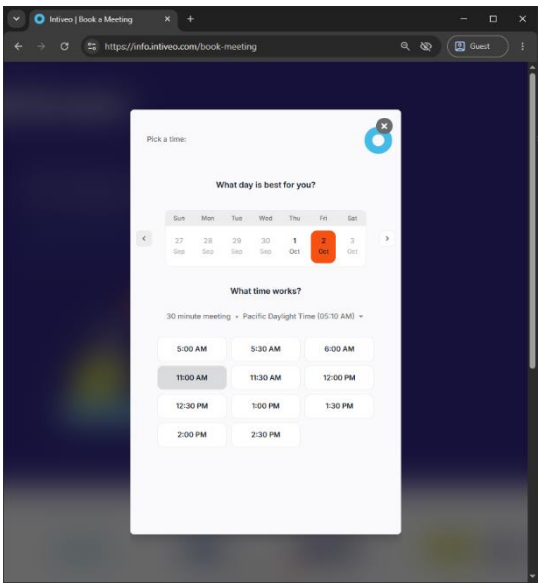

Metro Vancouver, BC linkedin.com/in/ngobenjamin benjamin.ngo@zoho.com

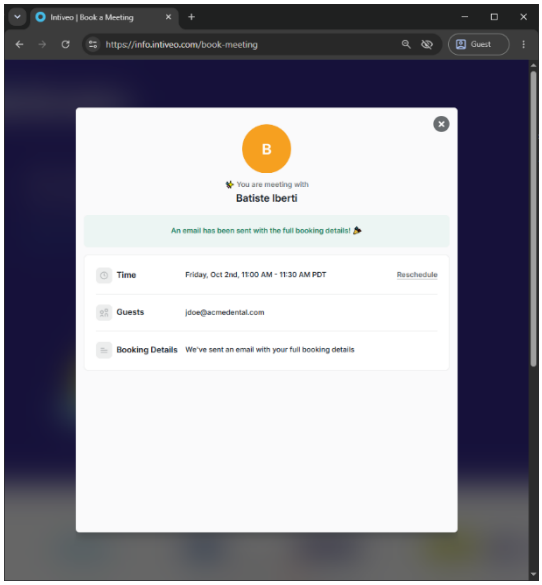

Integrations

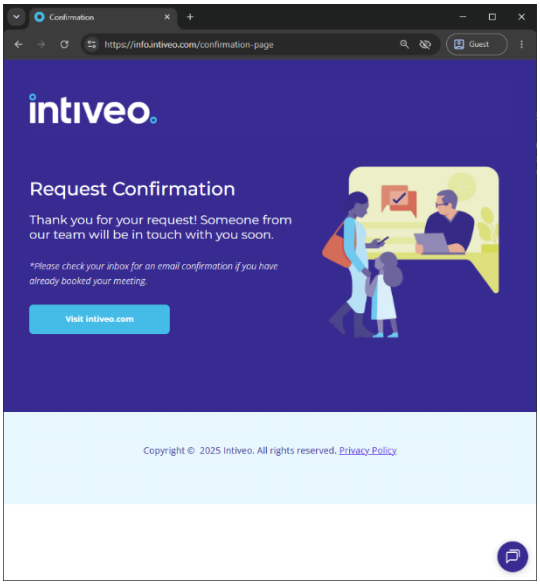

My integrations increase team performance, such as automating calendar bookings and emails.

Solution design may consider legacy decisions, license constraints, and feature limitations.

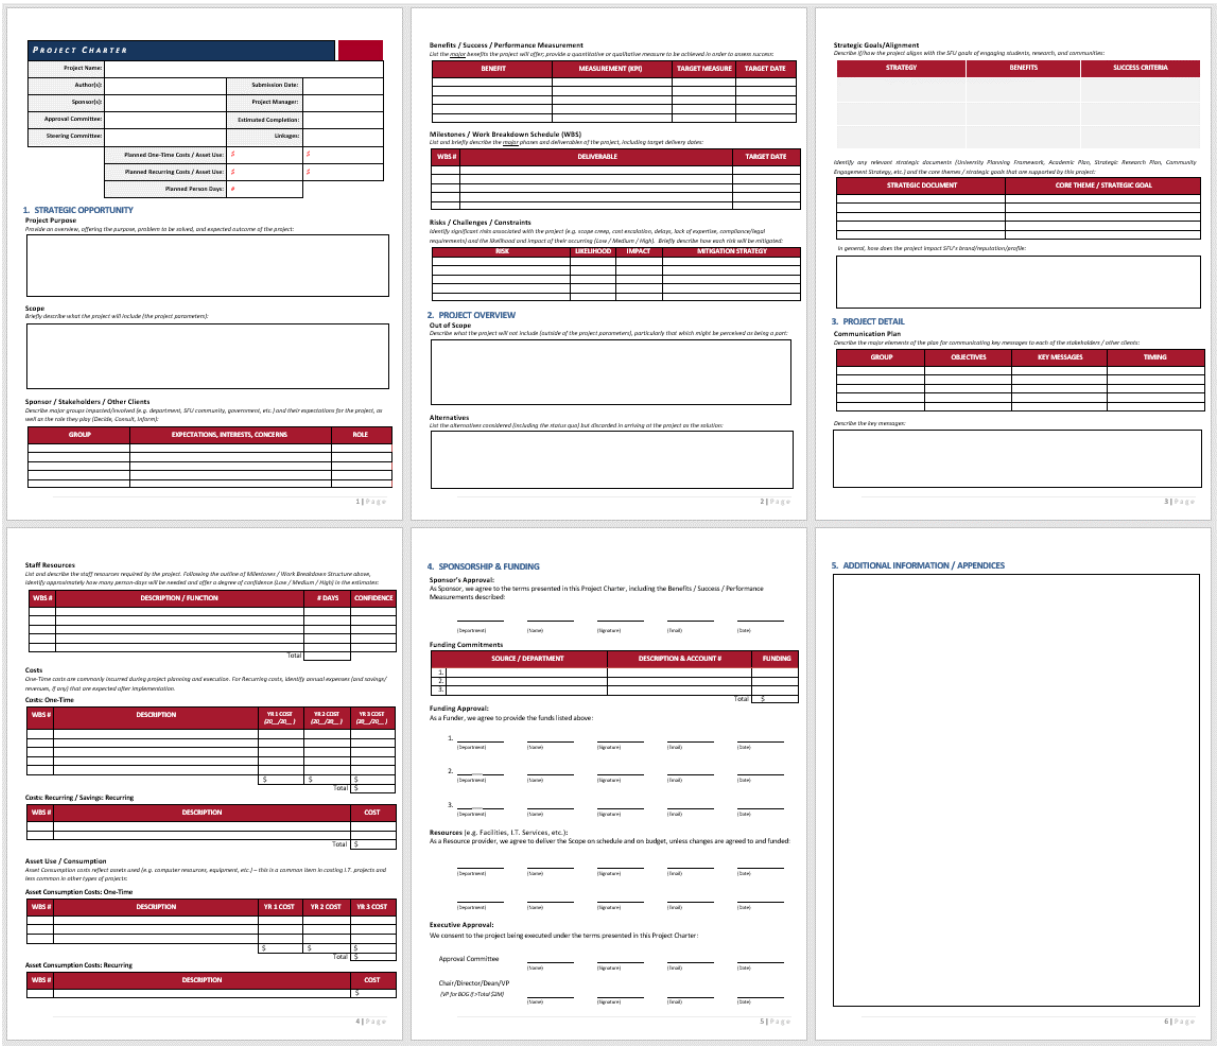

Benjamin Ngo

Metro Vancouver, BC linkedin.com/in/ngobenjamin benjamin.ngo@zoho.com

Project Charters

My project charters (and reports) help secure funding and resources from larger organizations.

Common considerations include scope, key stakeholders, and a work breakdown structure.

PROJECT CHARTER

Project Name:			
Author(s):		Submission Date:	
Sponsor(s):		Project Manager:	
Approval Committee:		Estimated Completion:	
Steering Committee:		Linkages:	
	Planned One-Time Costs / Asset Use:	$	$
	Planned Recurring Costs / Asset Use:	$	$
	Planned Person Days:	#	

1. STRATEGIC OPPORTUNITY

Project Purpose

Provide an overview, offering the purpose, problem to be solved, and expected outcome of the project:

Scope

Briefly describe what the project will include (the project parameters):

Sponsor / Stakeholders / Other Clients

Describe major groups impacted/involved (e.g. department, SFU community, government, etc.) and their expectations for the project, as well as the role they play (Decide, Consult, Inform):

GROUP	EXPECTATIONS, INTERESTS, CONCERNS	ROLE

1 | Page

Benefits / Success / Performance Measurement

List the major benefits the project will offer, provide a quantitative or qualitative measure to be achieved in order to assess success:

BENEFIT	MEASUREMENT (KPI)	TARGET MEASURE	TARGET DATE

Milestones / Work Breakdown Schedule (WBS)

List and briefly describe the major phases and deliverables of the project, including target delivery dates:

WBS #	DELIVERABLE	TARGET DATE

Risks / Challenges / Constraints

Identify significant risks associated with the project (e.g. scope creep, cost escalation, delays, lack of expertise, compliance/legal requirements) and the likelihood and impact of their occurring (Low / Medium / High). Briefly describe how each risk will be mitigated:

RISK	LIKELIHOOD	IMPACT	MITIGATION STRATEGY

2. PROJECT OVERVIEW

Out of Scope

Describe what the project will not include (outside of the project parameters), particularly that which might be perceived as being a part:

Alternatives

List the alternatives considered (including the status quo) but discarded in arriving at the project as the solution:

2 | Page

Strategic Goals/Alignment

Describe if/how the project aligns with the SFU goals of engaging students, research, and communities:

STRATEGY	BENEFITS	SUCCESS CRITERIA

Identify any relevant strategic documents (University Planning Framework, Academic Plan, Strategic Research Plan, Community Engagement Strategy, etc.) and the core themes / strategic goals that are supported by this project:

STRATEGIC DOCUMENT	CORE THEME / STRATEGIC GOAL

In general, how does the project impact SFU's brand/reputation/profile:

3. PROJECT DETAIL

Communication Plan

Describe the major elements of the plan for communicating key messages to each of the stakeholders / other clients:

GROUP	OBJECTIVES	KEY MESSAGES	TIMING

Describe the key messages:

3 | Page

Staff Resources

List and describe the staff resources required by the project. Following the outline of Milestones / Work Breakdown Structure above, identify approximately how many person-days will be needed and offer a degree of confidence (Low / Medium / High) in the estimates:

WBS #	DESCRIPTION / FUNCTION	# DAYS	CONFIDENCE
	Total:		

Costs

One-Time costs are commonly incurred during project planning and execution. For Recurring costs, identify annual expenses (and savings/revenues, if any) that are expected after implementation.

Costs: One-Time

WBS #	DESCRIPTION	YR 1 COST (20__/20__)	YR 2 COST (20__/20__)	YR 3 COST (20__/20__)
		$	$	$
	Total:			$

Costs: Recurring / Savings: Recurring

WBS #	DESCRIPTION	COST
	Total:	$

Asset Use / Consumption

Asset Consumption costs reflect assets used (e.g. computer resources, equipment, etc.) – this is a common item in costing I.T. projects and less common in other types of projects:

Asset Consumption Costs: One-Time

WBS #	DESCRIPTION	YR 1 COST	YR 2 COST	YR 3 COST
		$	$	$
	Total:			$

Asset Consumption Costs: Recurring

WBS #	DESCRIPTION	COST
		$

4 | Page

4. SPONSORSHIP & FUNDING

Sponsor's Approval:

As Sponsor, we agree to the terms presented in this Project Charter, including the Benefits / Success / Performance Measurements described:

(Department) (Name) (Signature) (Email) (Date)

Funding Commitments

	SOURCE / DEPARTMENT	DESCRIPTION & ACCOUNT #	FUNDING
1.			
2.			
3.			
		Total:	$

Funding Approval:

As a Funder, we agree to provide the funds listed above:

1. (Department) (Name) (Signature) (Email) (Date)

2. (Department) (Name) (Signature) (Email) (Date)

3. (Department) (Name) (Signature) (Email) (Date)

Resources (e.g. Facilities, I.T. Services, etc.):

As a Resource provider, we agree to deliver the Scope on schedule and on budget, unless changes are agreed to and funded:

(Department) (Name) (Signature) (Email) (Date)

(Department) (Name) (Signature) (Email) (Date)

Executive Approval:

We consent to the project being executed under the terms presented in this Project Charter:

Approval Committee (Name) (Signature) (Email) (Date)

Chair/Director/Dean/VP (Name) (Signature) (Email) (Date)

(VP for BOG if >Total $2M)

Benjamin Ngo

Metro Vancouver, BC linkedin.com/in/ngobenjamin benjamin.ngo@zoho.com

Events

The events I organized included discovery sessions, training workshops, and team parties.

Robust logistics are important. I have experience with both corporate and community events.

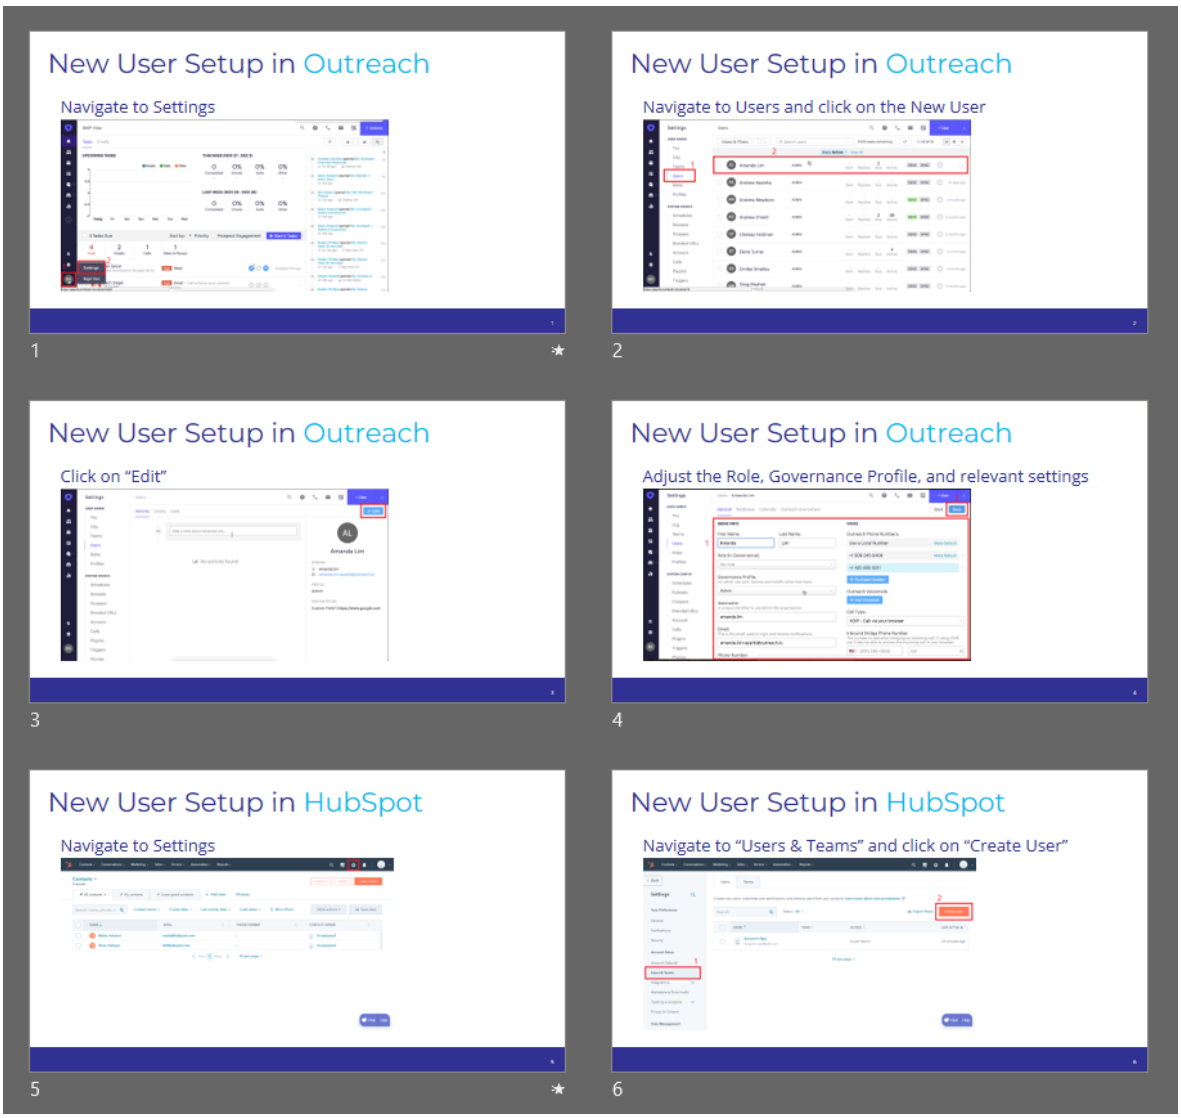

Benjamin Ngo

Metro Vancouver, BC linkedin.com/in/ngobenjamin benjamin.ngo@zoho.com

Training Materials

My training materials are usually annotated screenshots with step-by-step instructions.

Screenshot-style documentation is easier to search, faster to read, and simpler to update.

Benjamin Ngo

Metro Vancouver, BC linkedin.com/in/ngobenjamin benjamin.ngo@zoho.com

Automations

My automations come in many formats including spreadsheet scripts and low-code builders.

Effectiveness is strengthened by identifying use cases, edge cases, and fallback behaviours.

github.com/benjamin-ngo/salesforce-easy-checks/blob/main/scripts/lint.sh

```
# @description Gets the latest changes for the specified branch.
# @param {$1} The name of the git branch to fetch from.
fetchBranch () {
    # Quits if the branch name is not valid.
    local branch_to_check="$*"
    quitIfBranchNameNotValid "${branch_to_check}"

    local message_fetching_now="Fetching latest \"${branch_to_check}\" branch..."
    displayMessage "${message_fetching_now}"
    echo ""

    # Empty file ensures git stash works if there are no unsaved changes in the repo.
    local git_stash_file=".lintsh_gitstash.txt"
    local error_stash_or_fetch="Error with saving working directory or retrieving Git branches."
    touch "${git_stash_file}" || displayErrorAndQuit "${error_stash_or_fetch}"

    local stash_message="Working directory before ./scripts/lint.sh"
    local is_stash_successful=1
    local is_function_successful=0
    {
        git stash push --include-untracked --message "${stash_message}" &&
        is_stash_successful=$? &&
        git fetch --no-tags --depth=1 origin "${branch_to_check}" &&
        git checkout "${branch_to_check}" &&
        git checkout "@{-1}"
    } ||
    {
        is_function_successful=1
    }

    # Restores the working directory back to its original state.
    if [ "${is_stash_successful}" -eq "0" ]; then
        git stash pop
    fi
    rm "${git_stash_file}"
    echo ""
    if [ "${is_function_successful}" -eq "1" ]; then
        displayErrorAndQuit "${error_stash_or_fetch}"
    fi
}
```

Benjamin Ngo

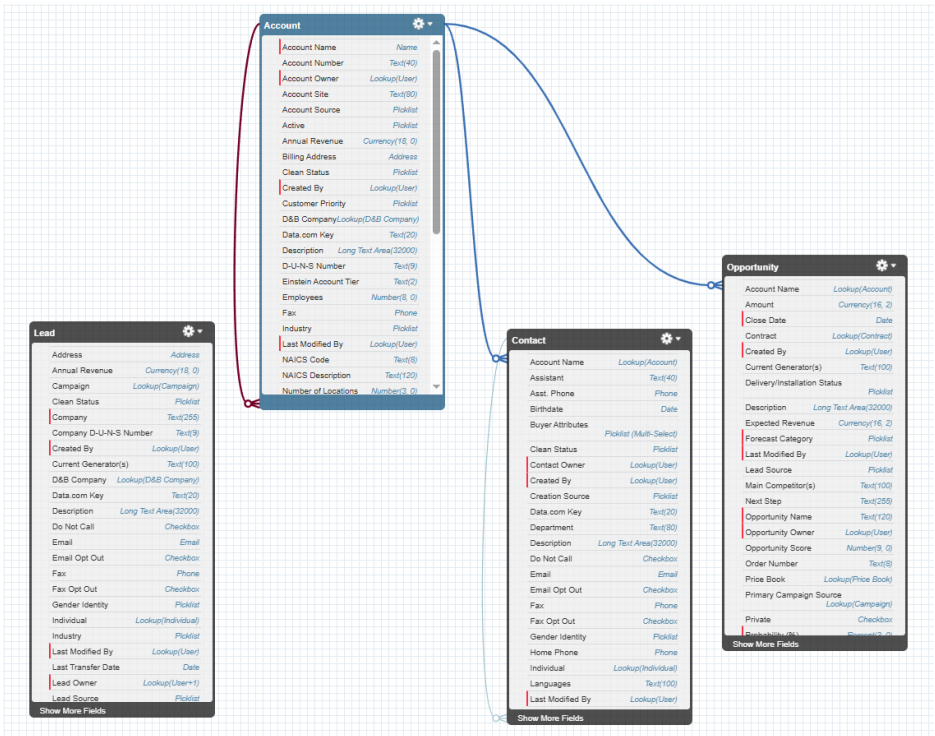

Metro Vancouver, BC linkedin.com/in/ngobenjamin benjamin.ngo@zoho.com

Database Diagrams

My diagrams are customized for each audience, to facilitate discussions and reach conclusions.

Considerations may include business requirements, permission structures, and API budgets.

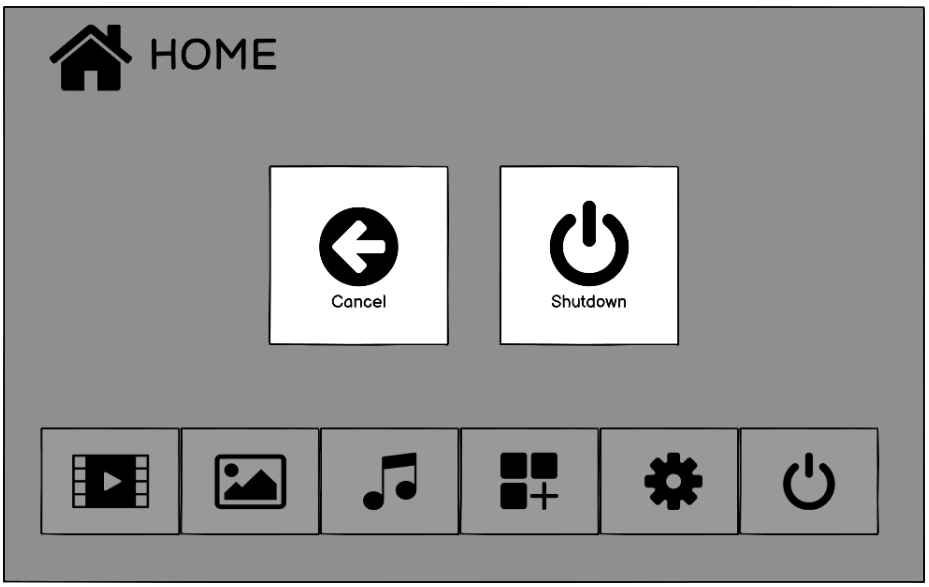

Benjamin Ngo

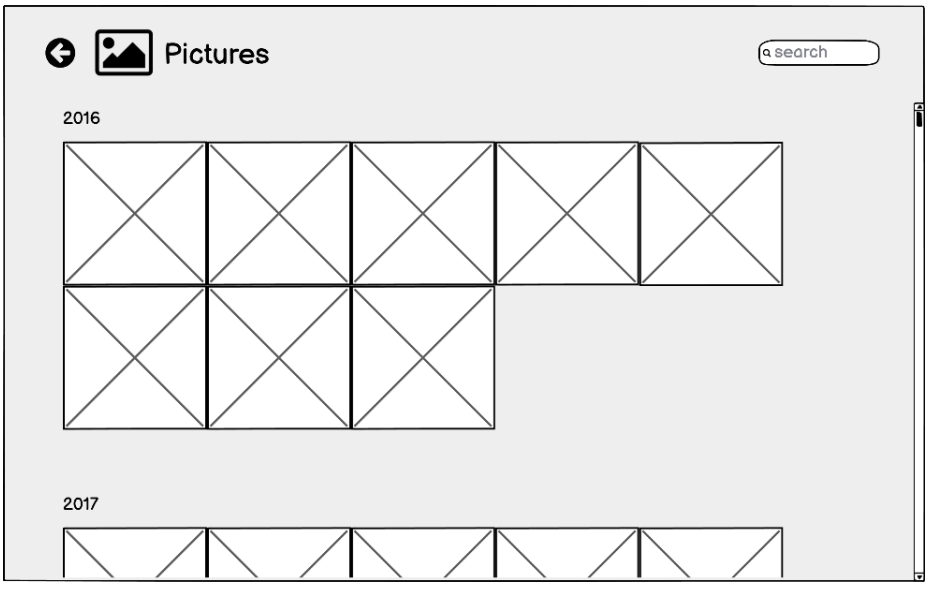

Metro Vancouver, BC linkedin.com/in/ngobenjamin benjamin.ngo@zoho.com

Mockups

My low-fidelity mockups foster discussions about workflows, pain points, and stakeholders.

I am experienced with Figma, Balsamiq, Visio, Lucidchart, Photoshop, and more.

Benjamin Ngo

Metro Vancouver, BC linkedin.com/in/ngobenjamin benjamin.ngo@zoho.com

Photos

The corporate photos I shot include press conferences, award dinners, and charity auctions.

I also enjoy taking photos outside of work, especially photos of nature.
